IMPORTANT ANNOUNCEMENTS

HS CURRENT EVENTS

Bradley Wilson announced and UIL has confirmed that THE SCORING FOR CE HAS BEEN CHANGED BY UIL, SO WE ARE CHANGING WITH THEM.

Still 40 Questions, but each is now worth 2 points, so a perfect score is now 80 points, therefore you cannot have odd-numbered scores.

Please check your posted CE scores to make sure your coach or whoever graded and scored your CE Tests did this correctly.

As a side note, even though we do not have the essay component, please note that the Essay is now worth 20 points on any UIL CE Test that uses the essay.

HS SOCIAL STUDIES

Andy Bates announced at CapCon and the SAC that he is switching parts Two and Three for this year's topic so he won't have to write as many questions over the book.

He did this when the topic was East Asia, and his reason is that he doesn't want to have to resort to questions over the minute details over the book.

This year's book, like the one on Korea, is not as rich as the one last year, so it will be harder for him to come up with questions.

This does not change the scoring of the SS Test, just what content each section covers.

OTHER ANNOUNCEMENTS CONTINUED ON NEXT SLIDE

HS SCIENCE - PHYSICS SECTION

From the UIL website:

The three directed reading questions will come first (P1-P3). The book for this year is “Five Equations that Changed the World” by Michael Guillen (ISBN 978-0786881871).

This book covers the biographies of five great physicists. There’s less math and more humanity, so I hope your students enjoy it.

This was also the book used for the 2017 season, so many of your schools may already have a copy of it. This book has five chapters, so the breakdown is logical:

- questions for the UIL Invitational A test will come from chapter 1
- questions for UIL Invitational B will come from chapter 2.
- For the UIL District test, I will choose questions from chapter 3.
- Questions for the UIL Regional test will come from chapter 4
- questions for the UIL State test will come from chapter 5.
- As always, I would encourage you to read the entire book, but you’ll need only review a single chapter of the book prior to each contest.

From the VCM Physics Test Writer (in response):

Here is what we will be doing to prepare your students for the above UIL tests:

- **VCM # 1 Chapter 1**
- **VCM # 2 Chapter 1**
- **VCM # 3 Chapter 2**
- **VCM # 4 Chapter 3**
- **VCM # 5 Chapter 4**
- **VCM # 6 Chapter 5**

THE VIRTUAL CHALLENGE MEETS TEST WRITERS & PROOFERS

Both the Middle School and the High School VCM tests are written and proofed by former UIL State Directors, current UIL State Directors (in different events), State Champion Academic Coaches and university professors.

Year after year they have repeatedly answered the charge of providing top quality academic tests that will emulate the UIL tests in depth, difficulty, and design, giving your students the best possible training materials out there to make them successful.
